**SAVIN INTRODUCES NEW LINE OF MONOCHROME PRINTERS**

*MLP31n/MLP36n Accelerates Desktop Productivity for Small Businesses*

**West Caldwell, N.J., April 12, 2007** – Savin today introduced the Savin MLP31n and the Savin MLP36n black-and-white laser printers. Combining simple operations fast print speeds, secure connections and numerous optional features to handle any project; the Savin MLP31n/MLP36n deliver a complete package for today’s small business and workgroups.

“Business is in constant flux – growing, expanding and moving into the future, requiring products that can adjust to their needs as they grow,” said Ron Potesky, vice president, Corporate Product Marketing. “Agile, secure and reliable printers, the Savin MLP31n/MLP36n are an ideal solution to help businesses adapt and succeed.”

Printing at 31 and 36 pages-per-minute (ppm) respectively, the Savin MLP31n/MLP36n offer some of the fastest print speeds in the desktop category. Delays are reduced with the printer’s ability to warm-up in less than 19 seconds and run-off a first print speed in just 6.9 seconds. With resolution up to 1200 x 600 the Savin MLP31n/MLP36n provide professional graphics, text and drawings.

The Savin MLP31n/MLP36n have many built-in features that make the printer easy to operate, including a clear LCD screen and user-friendly control panel that lets users quickly manage jobs and be in control of their printing environment. E-mail alerts help to keep the Savin MLP31n/MLP36n operating smoothly by immediately notifying users

when the printers need new toner and more. Equipped with a simple paper path and smooth paper feeding and handling, paper jams are virtually eliminated. Best of all, the Savin MLP31n/MLP36n's front-access paper trays and small footprint allow them to fit comfortably on a desktop and save space, a vital aspect for many small office environments.

In addition to many outstanding productivity features, the Savin MLP31n/MLP36n also have an impressive array of integrated security features. The Network Protection Data Unit encrypts the data stream and, with an optional hard disk drive, confidential documents can be held at the printer until released with a Personal Identification Number (PIN). Also, utilizing SmartDeviceMonitor™ or WebImageMonitor™, system management is made easier with job queues able to be viewed and supply levels assessed directly from the desktop.

The suggested retail price for the Savin MLP31n is \$749.00 and \$899.00 for the Savin MLP36n. To learn more about Savin's full line of products, please visit [www.savin.com](http://www.savin.com).
