Environmental Features & Customer Benefits

DUPLEXING

Printing and copying on both sides of the paper, cuts paper bills in half, saving trees.

DO NOT PRINT BLANK PAGES

Reduce paper waste by eliminating the printing of blank pages within a document.

ECO NIGHT SENSOR

Automatically turns the power switch to Off when the room goes dark after a user-specified period of time.

SLEEP MODE TIMER

Sets the amount of time the machine waits before switching to Sleep Mode. The machine is not turned off completely.

ENERGY STAR* CERTIFIED

Certification that the US EPA recognizes the device as energy efficient in design and specification. ENERGY STAR certified products contribute to a more energy-efficient world and help keep your running costs affordable.

Environmental Features & Customer Benefits

ELECTRONIC PRODUCT ENVIRONMENTAL ASSESSMENT TOOL (EPEAT)*

EPEAT is a comprehensive procurement program. This rating program includes energy efficiency, take-back programs for equipment, packaging and consumables, reduction/elimination of environmentally sensitive substances and other important environmental attributes.

IMAGING EQUIPMENT RECYCLING PROGRAM

We offer customers convenient recycling options for end-of-life imaging equipment.

COMBINE COPYING

Printing or copying multiple pages of a document onto one page saves paper.

COMPATIBLE WITH RECYCLED PAPER

Ability to work with paper with higher recycled content which reduces environmental impact.

ROHS COMPLIANT

Our products comply with the RoHS (Restriction of Hazardous Substances) directive that bans the use of certain substances in electrical and electronic equipment products.

SAMPLE PRINT

Outputs a single set before committing the system to a lengthy print job that could result in waste. If the sample set is acceptable, the user can release the balance of the print job; if changes are required the job can be modified or deleted.
