MP C3002
30 ppm monochrome and full-color

MP C3502
35 ppm monochrome and full-color
Busy has never looked so easy

A fast-paced workplace offers something new and exciting every day. It’s time your Multifunction Product (MFP) does, too. The versatile SAVIN® MP C3002/MP C3502 Series delivers high-quality, full-color performance to streamline your unique workflow demands. These innovative MFPs leverage advanced capabilities found only in Savin’s services-led platform to simplify even the most complex printing, copying, scanning, and distribution tasks. With robust security features, impressive finishing capabilities and eco-friendly operation, these MFPs manage heavy workloads with exceptional efficiency. Choose it to be the primary system for your workgroup or as an integral part of our Managed Document Services (MDS) strategy to help enhance productivity and reduce total cost of ownership throughout your organization.

• Produce 30-35 color prints/copies per minute
• Enjoy versatile performance in an intelligent, compact design
• Take advantage of convenient, customizable one-touch home screen operation
• Support environmental and security best practices and standards
• Improve efficiency with powerful administrative tools
Improve every aspect of your output environment

Enjoy efficiency and quality

Customize your user interface
This system sets a new standard for intuitive operation. Users can quickly and easily customize the operations panel home screen with their own company logo, workflows, preferences and settings — bringing speed and convenience to every job. You can also tilt the panel and lock it in a position that is ergonomically comfortable.

Control individual or group usage
Reducing waste has never been easier. The system allows administrators to set quotas for individuals or workgroups, which helps control costs associated with paper, supplies and energy consumption. An Eco-Friendly Indicator helps minimize costs by providing paper usage histories for specific users and certain job types.

Print reliably, with better quality
For professional-looking documents, Savin’s advanced PxP-EQ toner delivers crisp, monochrome and color reproduction every time. The newly designed fusing technology measurably shortens the sleep-to-operate time, which improves image quality and reduces power consumption.

Protect your documents and data
The Savin MP C3002/MP C3502 Series incorporates a host of state-of-the-art security features that helps with security compliance requirements — both yours and the organizations you serve. For example, passwords and user authentication help prevent unauthorized copying or printing. By utilizing DOSS, information is overwritten on the Hard Disk Drive.
Full-featured, performance enhancing

Produce high-quality documents — fast
The Savin MP C3002/MP C3502 Series offers a powerful integration of speed and reliability that improves both personal and workgroup productivity. This system prints or copies up to 35 pages-per-minute. An impressive warm-up time of less than 20 seconds means faster output and less waiting. Individual copies in as little as five seconds. A choice of three finishing options — including a 1,000-Sheet Booklet Finisher — adds a professional touch to any document.

Take advantage of powerful connections
Enjoy full compatibility throughout the office with a host of network capabilities engineered specifically to enhance efficiency. Print from most manufacturers’ mobile devices by downloading their application for convenient output when and where it is needed most. Generate output at the device using a USB memory or SD card for convenience and flexibility.

Share documents with greater speed and confidence
This new series lets you scan, share and store documents quickly and easily. You can scan full-color or monochrome originals and share them instantly with Scan-to-Email/Folder/HDD. Preview full-color thumbnails of scanned pages to ensure quality and accuracy before distributing them. Access LDAP-registered directories and information, including Home Directory, for fast, convenient scanning and easier, cost-effective administration. This system also offers PDF/A support and High Compression PDF features, which allow you to compress file sizes for faster, more reliable distribution.
Personal, powerful and secure

Work the way you want with customizable features

Configure the Savin MP C3002/MP C3502 Series to align perfectly with the way you like to work. A tiltable, full-color control panel features a customizable, personal Home Screen. You can quickly configure workflows, choose icons and create convenient single-step shortcuts for frequently used operations. Assign personal preferences and selected functions to five, one-touch function keys. An external keyboard can be connected via a USB port to accommodate users who prefer traditional keyboard input to a touch screen. A time-saving Auto Job Promotion feature elevates jobs higher in the print queue if they are being blocked by jobs stopped due to errors.

Depend on efficient, reliable fax communications

An innovative Fax Connection option opens fast and streamlined communications with other Savin devices on the same network. This connection simplifies the infrastructure required for fax communications and keeps operating costs low. Connect up to three analog lines and greatly expand your fax capacity and reduce or eliminate network bottlenecks. You can also use the Internet Fax feature to distribute documents directly to e-mail addresses and eliminate long-distance costs. Inbound faxes can be automatically forwarded to e-mail addresses, network folders or the system hard drive.

Protect hardcopy and electronic documents

With the DataOverwriteSecurity System (DOSS) feature, the MFP will automatically destroy latent images and data stored on the internal HDD. The encryption feature will encrypt your address book, authentication information, and your stored documents on the MFP. Password-protected and user-specific authentication helps provide a secure line of defense. Enhanced encryption helps to ensure a high global standard of information security. You can also store a print job at the device until an authorized user swipes their ID card or enters their ID information at the control panel to release it. Unauthorized Copy Control prevents fraudulent duplication of sensitive documents.
Manage your fleet with efficiency and precision

Simplify administrative tasks and system upgrades

A number of easy-to-use tools allow you to simplify virtually every type of job. You can dramatically reduce costs associated with wasted output by establishing print and copy quotas for as many as 1,000 users. Savin’s Web Image Monitor lets you configure system settings, manage address books and monitor device status. Remote firmware upgrades make it easy to capitalize on the latest technology and optimize system performance.

Help minimize environmental impact, maximize savings

Savin’s commitment to environmental responsibility is reflected in the design of this innovative system. You can measurably reduce your paper consumption by encouraging users to take advantage of the high-performance automatic duplexing — for both copying and printing. A built-in Eco-Friendly Indicator tells users how much they or their workgroups have saved by using two-sided printing capabilities. To minimize energy use and wait time, the Savin MP C3002/MP C3502 Series consumes only 1 watt while in Sleep Mode and recovers in less than 8 seconds.

Take control with user-friendly tools

Ensure your networked devices operate at peak efficiency via intuitive system management, device monitoring, troubleshooting and other administrative tools. Configure, organize and diagnose network devices remotely by accessing Web SmartDeviceMonitor from any standard web browser. Automate service calls and the collection of critical device data with @Remote” software. You can even request e-mail alerts, so you’ll know the moment supplies are low or an error is detected.
Comprehensive features in a compact design

1. Easy access and intuitive operation on the home screen via the large 8.5” full-color LCD control panel
2. Standard 50-sheet Automatic Reversing Document Feeder (ARDF) to efficiently handle one- and two-sided originals for copying, scanning and faxing
3. Standard 2 x 550-sheet paper trays for longer, uninterrupted runs
4. Standard 100-sheet bypass tray accommodates a wide range of paper sizes and types
5. Optional 1 x 550-sheet paper tray, 2 x 550-sheet paper trays (shown) or 2,000-sheet large capacity tray for multiple paper sources on demand
6. Optional 1,200-sheet side LCT for even more productivity
7. A 500-sheet finisher, 1,000-sheet booklet finisher (shown), 1,000-sheet finisher and punch kits offer an entire range of finishing possibilities
8. 125-sheet one-bin tray to separate output and simplify document retrieval
General Specifications

- Printing Process: 4 Color Method
- Output Speed (Copy/Print): MP C3002: 30 ppm BW & FC (LTR)
- MP C3502: 35 ppm BW & FC (LTR)
- Warm-Up Time: MP C3002: 20 seconds
- Recovery from Sleep Mode: MP C3002/C3502: 7.3/4.8 seconds
- First Copy Time (FC/BW): MP C3002/C3502: 7.3/4.8 seconds
- Copy Resolution: 600 dpi
- Quantity Indicator: Up to 999 copies

Document Feeder

- Automatic Reversing Document Feeder (ARDF)
  - Original Capacity: 50 sheets
  - Original Size: 5.5" x 8.5" x 11" 1/16"

Paper Capacity

- Standard: 2 x 550 sheets + 100-sheet Bypass Tray, Maximum: 4,000 sheets
- w/Tandem LCT: Side LCT

Supported Paper Sizes

- 1st Paper Tray: 8.5" x 11" (A4)
- 2nd Paper Tray: 7.25" x 10.5" x 11" (A4)
- Envelopes (with option) to A3
- Bypass: Up to 12" x 18" Envelopes (A3)
- Custom Sizes: Width: 3.3" – 12.5" (90 – 203 mm), Length: 5.8" – 23.6" (148 – 600 mm)

Supported Paper Weights

- Standard Trays: 16 – 68 lb. Bond/110 lb. Cover (52 – 300 g/m²)
- Duplex Unit: 16 – 45 lb. Bond/90 lb. Index (52 – 169 g/m²)
- Bypass Tray: 16 – 80 lb. Bond/110 lb. Cover (52 – 260 g/m²)

Paper Types

- Plain/recycled paper, laser printer qualified transparencies, labels, envelopes

Auto Duplex

- Standard

Output Capacity

- (all) 500 sheets, Face Down
- Maximum: MP C3002/C3502: 1,625 sheets
- w/1,000-sheet Finisher + 1 Bin Tray

Zoom

- 25% – 400% in 1% increments
- 26.4 x 26.9 x 34.7 (870 x 662 x 88 mm)
- 9.8 x 16.8 (247 x 427 mm)
- 3.3 x 6.2 (84 x 158 mm)

Power Requirements

- Power Savings: 120V – 24V, 60Hz
- Power Consumption: 1,584W or less
- TEC Value: MP C3002: 1,436Wh
- MP C3002: 1,631Wh

Printer Specifications (Standard)

- CPU: Intel Core7 with M 4 MB 667 MHz, Embedded 1.5 GB RAM Standard/190 GB HDD
- Memory: MP C3002: 32 ppm BW & FC
- MP C3502: 35 ppm BW & FC
- Print Drivers: Standard: PostScript 3, PCL 6 (KL)
- XPS via download
- Optional: PostScript 3, 136 Roman fonts, IPDS: 108 Roman fonts

Max. Print Resolution

- Network Interfaces: 10BaseT/100Base-TX Ethernet
- Standard: Hi Speed (for direct PC/Mac connection), Bluetooth, IEEE 1284/ECP Parallel Interface
- Optional: Gigabit Ethernet (1000Base-T)
- Front USB 2.0/SD Card Slot Interface
- USB 2.0, Hi Speed (for direct PC/Mac connection), Bluetooth, IEEE 1284/ECP Parallel Interface
- Optional: Gigabit Ethernet (1000Base-T)

Network Protocol Support

- Network/OS: TCP/IP(P), IPv4, IPv6, IPX/SPX
- Windows XP/Vista/7/Server 2003/Server 2008/Server 2008R2/Server 2012, Mac OS X 10.2 or later, Novell NetWare 6.5, Sun Solaris, HP-UX, SGI O240, Linux, and IBM AIX, SAP R/3, IBM Stories
- ≈ A3/400 using Q3/400 Host Print Transform

Utilities

- WebSmartDeviceMonitor
- Web Image Monitor, WebRemote

Document Server Specifications (Standard)

- Max. Stored Documents: 3,000 documents
- Max. Page Capacity: 9,000 pages

Scanner Specifications (Standard)

- Scanner Resolution
  - 600 dpi: 47 ipm BW/41 ipm FC
  - 300 dpi: 26 ipm BW/22 ipm FC
  - 200 dpi: 18 ipm BW/16 ipm FC
  - 100 dpi: 8 ipm BW/7 ipm FC
  - 600 dpi: 31 ipm BW/26 ipm FC
  - 300 dpi: 24 ipm BW/20 ipm FC
  - 200 dpi: 16 ipm BW/14 ipm FC

- Compression Method
  - Web: TIFF, BMP, MPN, JPEG
  - GrayScale:DCF Color, JPEG

- Supported Scan Modes
  - Single/Single-Page TIFF
  - Single/Single-Page JPEG
  - Single/Single-Page PDF

- Scan Area
  - 11.7" x 17" (297 mm – 432 mm)

Security Features (Optional)

- DataOverwriteSecurity System (DOSS), HHD Encryption, User Codes, SNMP v3 Support, Encryption, Lockout, SNMP Authentication, 802.1x Wired Authentication, WPA/WPA2 (Wi-Fi Protect Access Support), Digitally Signed PDF, and more

Additional Accessories

- FAC 52 Cabinet Stand, Envelope Feeder, One Bin Tray, Film Feeder, Convexer, Key Counter Bracket, Plain Cover, Card Reader Bracket, Counter Unit, Camera Direct Print Card, ADF Handle, IPS Unit, HotSpot Printing Kit, Fity® Print Controller, Cabinet Table, Browser Unit, Standard CD for Network

Consumables

- Item: Yield
- Black Toner: 28,000 pages
- Cyan Toner: 18,000 pages
- Magenta Toner: 18,000 pages
- Yellow Toner: 18,000 pages

*Either the Cabinet Stand or one of the paper options must be installed. Requires configuration with Bridge Unit.*
